

# Peer Review: Praise/Question/Suggestion/Response

**Expectations** What is it you hope to gain from peer review today?

I hope to get enough feed back to make my paper better.

**Plans** What practices might help you/your classmates attain those expectations?

Work together and give feed back to each other. We can do this by taking turns finding errors to fix.

**Procedure** For this peer review, groups of three will follow these steps:

1. Author: sets expectations; reads/explains TELL aloud
2. Peers: write comments using rubric; share *praise/questions*
3. Author: asks *questions/responds* to peer comments
4. Peers: make *suggestions/respond* to author questions
